

Maayan Nadivi -208207068
Alice Aidlin – 206448326

[LINK TO JIRA](#)

Final task- Maayan Nadivi and Alice Aidlin

Requirement Number 1:

1	ID number	Log-in to the system			Requirement Name
10/5/21	Request date	Instagram			System Name
1	Reference	9/6/21	End date	high	Execution urgency

The surgeon

10/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development team	Enterprise Association

Analyzing the application

<p>Description: the user wants to log in to his personal account .</p> <p>Entering User name/ phone & Password</p> <p>The app Verification with the database</p> <p>Add return if login succeeded or not.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 1.1:

1.1	ID number	Log-in by username\ phone number \email address			Requirement Name
10/5/21	Request date	Instagram			System Name
1.1	Reference	9/6/21	End date	high	Execution urgency

The surgeon

10/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development team	Enterprise Association

Analyzing the application

<p>Description: The user will select one of the ways to connect. User name, email address, or phone number</p> <p>Entering Username/ phone & Password</p> <p>The app Verification with the database</p> <p>App returns if login succeeded or not.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 1.2:

1.2	ID number	log in with an appropriate password			Requirement Name
10/5/21	Request date	Instagram			System Name
1.2	Reference	9/6/21	End date	high	Execution urgency

The surgeon

10/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development team	Enterprise Association

Analyzing the application

<p>Description: The user will type in their password to connect to their personal account. the system checks if the password is a valid password in the database.</p> <p>App returns if login succeeded or not.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 1.3:

1.3	ID number	The system approves and connects the user			Requirement Name
10/5/21	Request date	Instagram			System Name
1.3	Reference	9/6/21	End date	high	Execution urgency

The surgeon

10/5/21	Date	Development Team Member	role	maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development team	Enterprise Association

Analyzing the application

<p>Description : Check the system database. The test will check that the data is correct and connect the user .</p> <p>System requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 2:

2	ID number	registration to the application			Requirement Name
13/5/21	Request date	Instagram			System Name
2	Reference	9/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Alice	name
aliceai@ac.sce.ac.il	Email	052-2436655	phone	Development team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to sign in to the application so that he will be a signed user and be able to enjoy the application's services.</p> <p>The details- User name, phone, email, personal details & Password</p> <p>All the information Add to the database, verify that the username and email have not been used before</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 2.1:

2.1	ID number	Enter phone or Email address			Requirement Name
13/5/21	Request date	Instagram			System Name
2.1	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Alice	name
aliceai@ac.sce.ac.il	Email	052-2436655	phone	Development team	Enterprise Association

Analyzing the application

<p>Description: The user wants create his account so he will enter phone number or Email address</p> <p>The information add to the database</p> <p>Returns if logon succeeded</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 2.2:

2.2	ID number	Enter full name			Requirement Name
13/5/21	Request date	Instagram			System Name
2.2	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Alice	name
aliceai@ac.sce.ac.il	Email	052-2436655	phone	Development team	Enterprise Association

Analyzing the application

<p>Description : The user wants create his account so he will enter my full name and add it to the database</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 2.3:

2.3	ID number	Choose username			Requirement Name
13/5/21	Request date	Instagram			System Name
2.3	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Alice	name
aliceai@ac.sce.ac.il	Email	052-2436655	phone	Development team	Enterprise Association

Analyzing the application

<p>Description : The user will enter a username to create his account and add it to the database</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 2.4:

2.4	ID number	Enter password			Requirement Name
13/5/21	Request date	Instagram			System Name
2.4	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Alice	name
aliceai@ac.sce.ac.il	Email	052-2436655	phone	Development team	Enterprise Association

Analyzing the application

<p>Description : The user will enter a password correctly for creating his account.</p> <p>A test is performed Verification that the password is valid</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 2.5:

2.5	ID number	The system will check the registration data			Requirement Name
10/5/21	Request date	Instagram			System Name
2.5	Reference	9/6/21	End date	high	Execution urgency

The surgeon

10/5/21	Date	Development Team Member	role	maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development team	Enterprise Association

Analyzing the application

<p>Description: The system will exceed the data that the user has entered and check its integrity. If the data is correct, you will insert it into the database</p> <p>System requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 3:

3	ID number	Restore password			Requirement Name
13/5/21	Request date	Instagram			System Name
3	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Alice	name
aliceai@ac.sce.ac.il	Email	052-2436655	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description : The user wants to restore his password so he can cancel it and enter a new password.</p> <p>update Database password verification</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 3.1:

3.1	ID number	Entering phone number			Requirement Name
13/5/21	Request date	Instagram			System Name
3.1	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Alice	name
aliceai@ac.sce.ac.il	Email	052-2436655	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description : The user wants to be able to enter his phone number so he can restore his password.</p> <p>check Database phone verification</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 3.2:

3.2	ID number	Entering email/username			Requirement Name
13/5/21	Request date	Instagram			System Name
3.2	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Alice	name
aliceai@ac.sce.ac.il	Email	052-2436655	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to enter his email/username so he can restore his password.</p> <p>update Database email verification</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 3.3:

3.3	ID number	Receiving an email or message with link to change password			Requirement Name
13/5/21	Request date	Instagram			System Name
3.3	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Alice	name
aliceai@ac.sce.ac.il	Email	052-2436655	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: the user wants to be able to receive an email or message and a link to change his password so he can change the password to a new one and login into his account, and to keep his account safe.</p> <p>The system sends an email to create a new password.</p> <p>Created a new password in the database.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 4:

4	ID number	Edit profile			Requirement Name
13/5/21	Request date	Instagram			System Name
4	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to edit his profile</p> <p>Entering user info and the system changes user info in the database.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 4.1:

4.1	ID number	Changing profile picture			Requirement Name
13/5/21	Request date	Instagram			System Name
4.1	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description : the user wants to be able to change profile pictures.</p> <p>Enter a new user profile picture and change it for a new one.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 4.2:

4.2	ID number	Edit full name			Requirement Name
13/5/21	Request date	Instagram			System Name
4.2	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to edit his full name so users could identify him, or when he gets married and changes his last name.</p> <p>Enter a user full name and the system changes the user's full name to the database.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 4.3:

4.3	ID number	Edit username			Requirement Name
13/5/21	Request date	Instagram			System Name
4.3	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to edit his username.</p> <p>Enter a user valid username and the system changes user username in the database.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 4.4:

4.4	ID number	Add description			Requirement Name
13/5/21	Request date	Instagram			System Name
4.4	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to edit his description to add information about himself.</p> <p>Entering a new user description and the system changes the user description.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 4.5:

4.5	ID number	Add web			Requirement Name
13/5/21	Request date	Instagram			System Name
4.5	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to add a web link to his profile, that other users can click on and to expose them to more info.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 5:

5	ID number	Sending a message			Requirement Name
13/5/21	Request date	Instagram			System Name
5	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to send messages to other users and to connect with them.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 5.1:

5.1	ID number	Sending a text message			Requirement Name
13/5/21	Request date	Instagram			System Name
5.1	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to send a text message that he wrote.</p> <p>Enter a text and the system sends it to the target.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 5.2:

5.2	ID number	Sending a voice message			Requirement Name
13/5/21	Request date	Instagram			System Name
5.2	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to send a voice message that he record.</p> <p>Enter a new voice message and send a voice message to the target.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 5.3:

5.3	ID number	Sending a photo message			Requirement Name
13/5/21	Request date	Instagram			System Name
5.3	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to send a pic that he took now or earlier.</p> <p>pick a photo to send and send the photo in a message to the target.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 5.4:

5.4	ID number	Search & chooses sticker/gif			Requirement Name
13/5/21	Request date	Instagram			System Name
5.4	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to search from the database and choose a sticker/gif so that he can send it as a message.</p> <p>pick a sticker/gif message from the sticker/gif database and send a sticker/gif message to the target.</p> <p>Returns to screen - sticker/gif message sent successfully.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 6 :

6	ID number	Watching "story" - uploaded by me			Requirement Name
13/5/21	Request date	Instagram			System Name
6	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to view the story uploaded by him so that he sees it, and use all the functions that this story can offer to him.</p> <p>Enter his story by touching his profile picture.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 6.1 :

6.1	ID number	Viewing who watch my story and how many views			Requirement Name
13/5/21	Request date	Instagram			System Name
6.1	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to get a number of users that watch his story and get information about who are the watchers.</p> <p>By swiping up his story the system loads who viewed his story and he can get a list of viewers.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 6.2 :

6.2	ID number	Story is available 24 hours			Requirement Name
13/5/21	Request date	Instagram			System Name
6.2	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Every story uploaded will be active and available for watching for only 24 hours after upload, and later be removed from the active stories and no one can watch it.</p> <p>System requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 7 :

7	ID number	Watch story that updates by other			Requirement Name
13/5/21	Request date	Instagram			System Name
7	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: the user wants to be able to view a story that other users update and in this way he can get more information about this user like what his job is or what his hobby is.</p> <p>by touching others' profile pictures/touching the current story to move on. The system loads the story and shows it to the screen.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 8 :

8	ID number	Edit profile settings			Requirement Name
13/5/21	Request date	Instagram			System Name
8	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user I want to be able to see his profile's settings so that he can see what his profile options are and change them if he wants to.</p> <p>enter the new Settings option.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 8.1 :

8.1	ID number	Notification's settings			Requirement Name
13/5/21	Request date	Instagram			System Name
8.1	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to change his notifications setting so that he can decide on what occasions he want to be notified. enter to new Notification's settings option and update Notifications settings The system returns to the screen that Change Notifications settings Succeeded.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 8.2 :

8.2	ID number	Business settings			Requirement Name
13/5/21	Request date	Instagram			System Name
8.2	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to change his business setting so that he can decide how to manage his business based on his business goals.</p> <p>enter the new business settings option and update the new business settings. Change business settings Succeeded</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 8.3 :

8.3	ID number	privacy settings			Requirement Name
13/5/21	Request date	Instagram			System Name
8.3	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to change his account privacy setting so that he can decide who can sign into his Page and be exposed to his information.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 8.4 :

8.4	ID number	Security settings			Requirement Name
13/5/21	Request date	Instagram			System Name
8.4	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to change his security setting so that he can view info about his password, save password.</p> <p>update new security settings option and the system returns to the screen that changes security settings Succeeded.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
---	--

Requirement Number 8.5 :

8.5	ID number	Payment's settings			Requirement Name
13/5/21	Request date	Instagram			System Name
8.5	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to change his payment setting so that he can enter his credit card-paid for sponsored post.</p> <p>Add a new payment settings option and update payment settings in the database. The system returns to the screen that this Change payment settings Succeeded.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 8.6 :

8.6	ID number	Ad's settings			Requirement Name
13/5/21	Request date	Instagram			System Name
8.6	Reference	09/6/21	End date	high	Execution urgency

The surgeon

13/5/21	Date	Development Team Member	role	Maayan	name
maayana2@ac.sce.ac.il	Email	054-2300378	phone	Development Team	Enterprise Association

Analyzing the application

<p>Description: The user wants to be able to change his ads settings so that he can decide what kind of ads he gets, and to update ads.</p> <p>User requirement, Functional requirement</p>	<p>Detailed description of how to implement +</p> <p>Classification of the requirement</p>
--	--

Requirement Number 8.7 :

8.7	ID number	Account settings			Requirement Name
13/5/21	Request date	Instagram			System Name
8.7	Reference	09/6/21	End date	high	Execution urgency
